

Air 1 plays a very important part in not only my life, but also in my community. The main reason for this is that it is a positive, encouraging station which promotes excellent moral values and can truly make a person's day go better. It is excellent for children as it includes only clean messages rather than them being bombarded with sex, drugs, abuse, depression, madness, hate, etc. I feel Air 1 can make the world a better place through its uplifting words and its truth. A person who may be going through a rough time of some sort just might happen to turn their station to Air 1, and it would be very likely that they would have a new, better, much more positive perspective on their situation. Air 1 promotes love, and if we could each have more love within us, which comes from none other than Jesus Christ, I guarantee the world would be a better place. Please allow Air 1 to continue being such a wonderful influence in my community of Scottsbluff, NE. Thanks.
